

## TRANSPORT FEE POLICY 2021-2022

Greetings from DPS-MIS!

At the outset, we express our profound gratitude to all our parents for their continued support and cooperation through this period of the Covid-19 pandemic. As part of the measures taken to face the challenges caused by the current pandemic, the school has reviewed and updated the Transport Fee policy for the Academic Year 2021-22. Accordingly, we would like to inform the parents that the transport service for the Academic Year 2021-22 can be provided to the students based on the below mentioned terms & conditions only:-

- (1) Transport facility is only an optional service provided by DPS-MIS, especially during this period of the pandemic (as a response to the growing demand from the parents to resume the transport service to enable the smooth functioning of the blended learning with 50% attendance).
- (2) Transport Policy has to be accepted by the parent, in case the transport service is required, or else the service cannot be provided.
- (3) Transport Fee over dues (if any) for Academic Year 2021-22 has to be fully paid before requesting the service for new Academic Year 2021-22, else the service would not be provided.
- (4) Transport Fee has to be paid for Academic Year 2021-22, along with the tuition fees, else transport services would not be provided.
- (5) In case of discontinuation of transport during the term, after opting for the same, and fail to pay transport fees, it would be automatically adjusted against any subsequent fee payment made by the parent, regardless of whether the transport service has been used on any day during the term. Kindly note that, once the transport fee is generated, student becomes liable to pay the same for that term.
- (6) In case of cancellation of the transport after the payment of the transport fee, the same would not be refunded or adjusted or carried forward to the next term, regardless of whether the transport service has been availed on any day during the term.
- (7) If a parent wishes to change the residence area(zone) from Inside Wakra to Outside Wakra during the academic year, the changes in the transport fees will be calculated with effect from the current term itself, and the same will not adjusted or carried forward to the next term. *(Please note that before applying for any route change, kindly confirm with transport Department about the availability of service/seat in that particular route, else the route change would not be provided).*

For “Transport policy” related clarification or any route (new / change / discontinuance) related query, please drop an email at transport @ dpsmisdoha.com. (All transport related forms are available in the School website. (www.dpsmisdoha.com)

For any fee related query, you can reach us at [accounts@dpsmisdoha.com](mailto:accounts@dpsmisdoha.com).

Appreciate your kind support at all times.

Thanks & regards

**DPS-MIS Team**
