# ABOUT

QUEST embodies inquiry-based learning where language, logic, scientific exploration, and emerging technologies come together.

Students explore ideas, investigate real-world challenges, and present innovative solutions through hands-on, interdisciplinary projects.

This special Silver Jubilee edition promises to be a celebration of student ingenuity, collaboration, and academic excellence.

*Subjects Included:*

- *English*
- *Mathematics*
- *Science*
- *Computer Science*
- *Robotics and Space Technology*

## **Editorial:**

**Being part of the press team for Quest 2025-26 has been an enriching and rewarding experience. We are deeply grateful for the opportunity to document the perspectives of various stakeholders associated with this landmark event. Witnessing the meticulous planning and coordination behind the scenes gave us valuable insight into the effort that went into making the exhibition a success. Interacting with the enthusiastic participants and the dedicated teachers further highlighted the collaborative spirit that made Quest 2025-26 truly memorable.**

## MESSAGES

*The event was fantastic and I am amazed. The inclusion of all the subjects was a first, and it made the event very interesting. From what I saw, most of the ideas were original. It was an amazing display of how far curiosity can take you.*

**Mr. Rocky Fernandes [Director,  
DPS-Modern Indian School]**

*The students can learn a lot of the values embedded in our mission and vision like collaboration and co-understanding of each other's strengths and weaknesses by participating in such events. I'm very proud of the work our school does to instill such values in our students. After just 25 years of existing, we already have our students all over the world working on innovative projects that help make the world better, one step at a time .*

**Ms. Asna Nafees [Principal]**

## MESSAGES

*I'm very proud to see the effort put into these projects. Each subject is interconnected, and that has been executed in the exhibition beautifully. The way the exhibition displayed the vision of sustainable development and how AI can help us is truly captivating. I aspire to see the students participate more in exhibitions like this.*

**Ms. Soma Bhattacharjee**

**[Vice Principal, Senior Secondary]**

*I believe that, when students participate in more hands on activities like this, they gain practical knowledge of the subjects and learn information from beyond just their text books.*

*Such events teach students the values of teamwork, cooperation and problem solving. I would encourage the students to take part in more exhibition and events like this.*

**Mr. Surajbhan Choudhary**

**[Vice Principal, Secondary]**

*I hope the event instills in the students a sense of confidence in their own abilities and pushes them to do more, learn more and experience more when it comes to both their academics and extracurriculars.*

**Ms. Shifa Shaikh**

**[Vice Principal, Junior school]**

## MESSAGES

*The teamwork displayed by the students on their projects and the decorations is truly commendable. I'm very proud of the effort all of our bright students put into making this event a memorable one.*

**Ms. Rachel [Academic coordinator]**

*Exhibitions like QUEST are a perfect example of how our school works to give opportunities to student to learn by doing. Huge round of applause to all the students, teachers and faculty who put in so much effort to make this event a success for our school.*

**Ms. Maniksha [Activity Coordinator]**

*I would encourage the students to research more and to never lose their curiosity because curiosity can open doors for you to infinite possibilities and with every bit of research you do, you learn information about things you may have not even known existed.*

**Ms. Rituparna [Academic Coordinator]**

## MESSAGES

*The QUEST 2025-26, it was wonderful, as the topic was multidisciplinary, it gives an immense experience for the students to showcase their talents. I really appreciate the students, teachers and everyone for making it a big success.*

**Ms. Ditty [HOD, Mathematics]**

*The youth of today is very motivated to take up new adventures. So right from the classroom stage till the stage of exhibition the teachers truly motivated the students. There is also a lot of support from the parents, teachers and the school in bringing out our students' creativity. After you develop interest in a particular field, you should think about how you can excel in it. Always set goals in your life so that you achieve it and accomplish your dreams.*

**Ms. Mini [HOD, Science]**

## MESSAGES

*This QUEST platform has given an opportunity for students of class 6-8 to exhibit their talents. Many students have created interesting projects using scratch software, developed interactive web sites using HTML and did many AI related projects. So I feel like this is a great experience and the students are getting motivated to do projects in fields previously unexplored by them. I encourage all the students to participate in events like these.*  
**Ms.Beena [HOD, Computer science]**

*I was very proud to see how so many students were involved in projects related to traditional and classic literature as not many people these days are interested in these topics. To all my dear students-continue your enthusiasm towards English because one day it will surely pay off.*  
**Ms.Parvathy[HOD, English]**

## *Message from Students*

**It was a lot of fun, I have learned a lot of values in making this project. I was able to interact with fellow people. I learned a lot about time management and it was really fun learning more about this project.**

**Elaine 8-H**

**It was a pretty fun experience, people learn from different projects. I believe that participating in this event has helped me learn more about the topic I covered for my project because having to do more research and answer other students' questions helped solidify my own foundation of understanding on the topic.**

**Afraz 10-H**

**It was really fun making this project together and it was a lot of hard work. We learnt to conserve time, work together in pairs. We understood each other problems and worked together.**

## *Message from Parents*

**Yes I would encourage my children to participate in more events like these, as it provides a whole personality development. As our children are very independent now, the project was completely made by them so I really appreciate all the students for their hard work and effort in making this event wonderful.**

**Ms.Melathy**

**Every year this event comes out really good, and I encourage all the students to take part in this event.**

**This event was very well organized. It is really interesting to see students contribution in making this event creative.**

**Ms.Farhana**
